Washington (CNN) — The Biden administration is finalizing plans to send millions of [AstraZeneca Covid-19 vaccine](#) doses stockpiled and waiting for official usage approval in the US over the border to Mexico and Canada, according to White House press secretary Jen Psaki.

"I can confirm that we have 7 million releasable doses available of AstraZeneca," Psaki said at Thursday's White House press briefing. "2.5 million of those, we are working to finalize plans to lend those to Mexico and 1.5 million to Canada," she added.

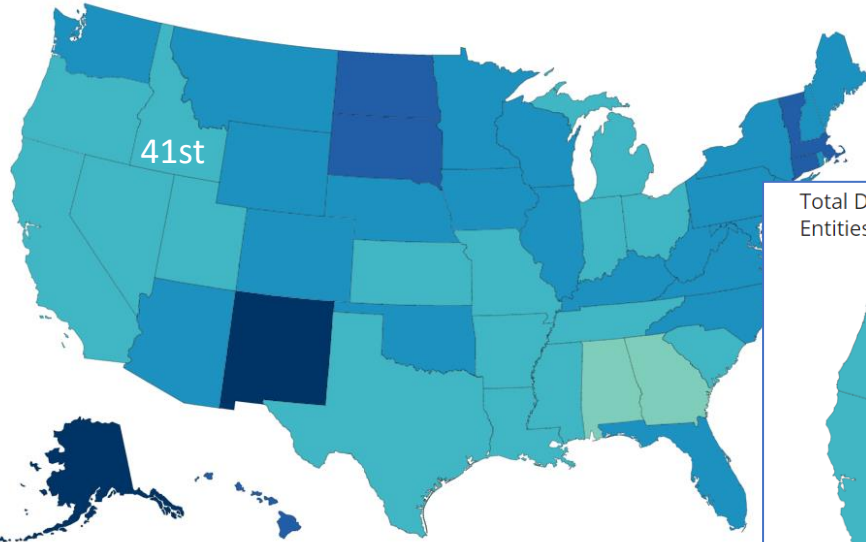

Doses administered-- by state

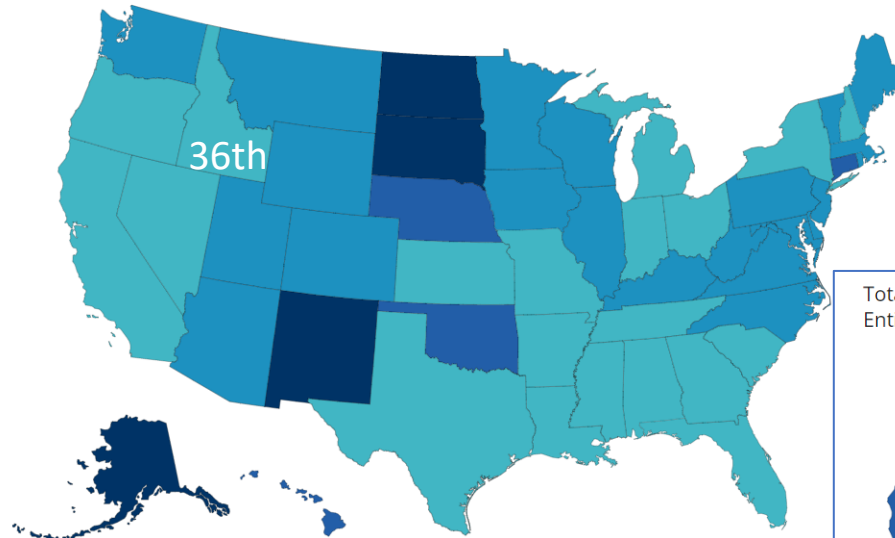

5

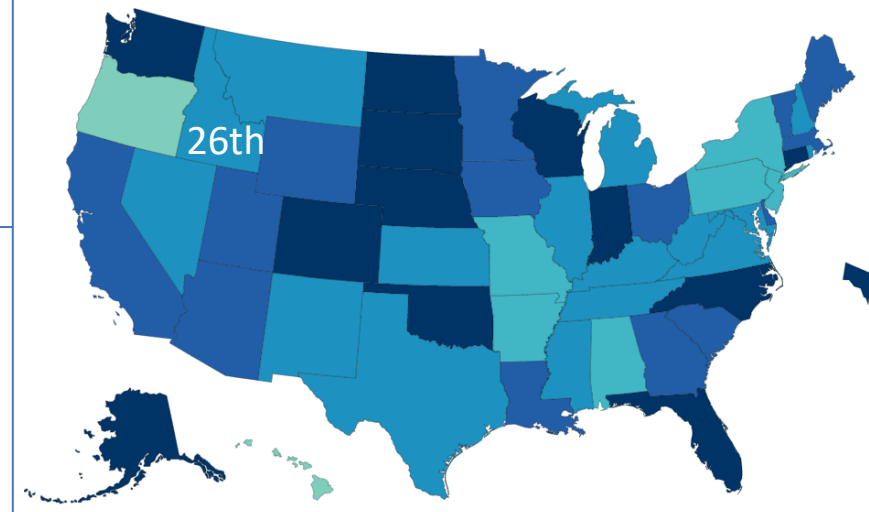

Total Doses Administered Reported to the CDC by State/Territory and for Select Federal Entities per 100,000 of the Total Population

Total Doses Administered Reported to the CDC by State/Territory and for Select Federal Entities per 100,000 of the Population 18 Years of Age and Older

Total Doses Administered Reported to the CDC by State/Territory and for Select Federal Entities per 100,000 of the Population 65 Years of Age and Older

% OF POPULATION FULLY VACCINATED

U.S. average: 11.95%
Idaho: 12.44%

- Supply still limited
- Demand across country seems high
- No unexpected safety signals
